DUT COMMERCIAL TECHNIQUES D

Also available as parallel student/employee programme

Trains mid-level managers in all sales-related fields: market research, selling and marketing strategy, commercial communication, purchasing and sales negotiations, customer relations, etc..

AFTER 2 YEARS OF HIGHER EDUCATION

Whatever your background, you have the option of completing professional training. This course lasts one year and allows you to specialise, obtain a dual qualification or enter the job market after 3 years in higher education. This professional diploma is designed to lead immediately to employment.

AFTER A BACHELOR'S DEGREE

You can continue your studies to master's level (5 years in higher education) in fields such as economics, management, banking, insurance, finance, teaching and research.

You can also sit civil service examinations (national or regional) or entrance examinations for specialist schools (e.g. journalism).

Tell me more about

ECONOMICS AND MANAGEMENT

I'm interested in economic and social current affairs and the business world.

- I have good general knowledge and a curious disposition.
- I want to understand the major economic issues and how the contemporary world works.
- I have achieved good results in mathematics and languages.
- Candidates should ideally have a secondary-level background in economics, social studies, science or management science &technology

Most of the professions listed require master's level qualifications, but some of them can be accessed after 2 or 3 years' higher education.

Examples taken from the list of professions compiled by ODIF(Observatoire de la Direction des Formations), part of the University of Lille. https://odif.univ-lille.fr/
